Paris Woman Accused of Murder.

Mrs. Russell Culbertson died yesterday morning at Vincennes, Ind., from having swallowed or having been forced to swallow carbolic acid. She was found in a shed in the rear of the home of her husband's father late Wednesday afternoon and was bound and gagged. Her arm and head were bruised as if she had struggled with her assailant. After being carried into the house she said: "A man and woman dragged me out into the shed and forced me to swallow something." Then she became unconscious and continued so until death.

The woman's husband, Russell Culbertson, bookkeeper for a lumber company at Lawrenceville, Ill., declares that he is confident that his wife was murdered by persons whose identity he knew, but he would give no further information except to the police.

Mrs. Culbertson has lately received several letters threatening that if she did not give up her husband she would be killed. The handwriting was identified as that of a woman who was a friend of Culbertson before he was married.

So far the search of the police has not resulted in discovering a trace of the man and woman. The police have the name of a woman who is said to have been heard from a year and a half ago at Paris, Ky.

The husband of the dead woman is prostrated. He will not discuss the murder except to say he is certain the woman accused is guilty.

An Advertising Plan to Boost Cigar Sales.

Oberdorfer has hit upon a unique plan to advertise his cigar business in the following manner: His cigar stand will be known as the "National Cigar stand"—there being 2,500 drug store throughout the country handling these famous National cigars by the above named. On Saturdays and Sundays he will introduce the famous "Official Seal" at five cents straight, at all other days they will be 10 cents or three for 25 cents. Stop in and try his Black and White Cigar—a ten cent value for five cents. Don't forget the place.

DEATHS.

—Robert C. Tucker, aged about 40 years, died suddenly at the home of his mother, Mrs. Eliza Tucker on High street Wednesday night at 10 o'clock of heart failure.

He had been confined to his bed for several weeks but was not thought to be critically ill. He was assisted from his bed to a chair by his brother, W. Ed. Tucker, and in a few moments fell forward and quietly passed away.

Mr. Tucker was a member of the dry goods firm of Rummans, Tucker & Co. He possessed a high sense of business integrity and was a popular salesman, and held in highest esteem by a large circle of friends.

He is survived by two sons, Henry Turney Tucker, who lives in Cincinnati, and Gideon Tucker, who resides with his grandmother, Mrs. Eliza Tucker, in this city.

Funeral services will be held this afternoon from the residence at 2:30 o'clock conducted by Rev. Dr. B. M. Shive. Burial in family lot in the Paris cemetery.

The pall-bearers will be: Warren Bacon, James Baldwin, Claude Redmon, Stanley Rummans, Geo. Ellis, Dr. D. B. Anderson, Harry Linville, Geo. S. Varden.

—Mrs. Margaret Gardner Scott, aged about 64 years, widow of the late James Henry Scott, of Clark county, died at the home of her daughter, Mrs. H. V. Thompson, near Winchester, Tuesday afternoon.

She is survived by one daughter, Mrs. H. V. Thompson, of Clark; one son, Mr. Wm. Scott, of Lexington. She was an aunt of Hon. A. S. Thompson, James H. Thompson, I. D. Thompson, of the county, and Mrs. Swift Champ, of this city.

Funeral services were held from the residence yesterday morning. Burial in Winchester cemetery.

—Reuben Hughes Hall, aged about 37 years, died at five o'clock Tuesday afternoon at his home on Higgins avenue, after eight months illness with acute heart trouble.

Mr. Hall was a quiet unassuming young man and well-liked by all who knew him. He was industrious and deserving, was a carriage painter by trade and had worked for the Holliday & Settle Carriage Company for a number of years.

He was a member of Phantom Lodge, K. of P., and Merrick Lodge of O. F. of Lexington.

He is survived by his wife, nee Miss Bruce Collins, and four sons.

The funeral services were held at the residence yesterday afternoon, at 2:30 o'clock, conducted by Elder Carey E. Morgan, assisted by Rev. M. T. Chandler. Odd Fellows burial service at the grave in Paris cemetery.

The pall-bearers were Geo. M. Hill, Dr. D. B. Anderson, J. L. Earlywine, W. T. Burley, Everett Peterson and Henry McGinley.

Given Death Sentence

At Hopkinsville, Arthur Wilson, a negro, was found guilty of assaulting Mrs. John Watson in Christian county, and sentenced to death. He insists he is innocent.

Burglars Visit Paris.

Burglars and sneak thieves were busy in this city Tuesday night. While the family of Mr. R. J. Neely were at supper someone entered his front door and quietly walked away with Mr. Neely's overcoat which was hanging on the rack.

Later in the night three groceries on Eighth street and the residence of Mr. J. T. Stewart, on Lillieston avenue, were entered by burglars. At the latter place they secured Mrs. Stewart's purse, containing \$15.

The Link Grocery was entered through a transom over the rear door. Here they relieved the cash register of \$1.90, besides carrying away a quantity of goods. They entered the store of Walter Stewart the same way, through a rear transom. A plate glass window was broken at the grocery of Walter Martin, where a lot of groceries were secured by the thieves.

The police are at work on the case but as yet no clue to the thieves. For several weeks the rear premises of number of people have been visited by petit thieves, who take milk, butter or anything else that is left out on porches shelves at the kitchen doors. Several kitchen keys that were hid by co's so they could get in early of mornings are also missing, so you may be on the watch for these midnight prowlers.

Later.—Officer Ben Bishop arrested yesterday a negro giving his name as Robt. Williams, claiming to be of Covington, as a suspect. Mr. Bishop is almost convinced that he is the man that entered Link's grocery. He was locked up to await further developments.

Liver Trouble Remedy Free

Any intelligent person can be his own doctor in the ordinary case of liver trouble, for the symptoms cannot be mistaken. If the white of the eye becomes yellowish, if the skin becomes sallow, if pimples and blotches appear, if the bowels do not move, if you have sick headache, if you are bilious, you may be sure that your liver is torpid or inactive.

The quickest and surest remedy yet found for the cure of liver trouble or any of its symptoms is Dr. Caldwell's Syrup Pepsin, the great herb laxative compound. This wonderful remedy is not only a laxative, but a tonic as well. It will start the flow of gastric juice, thereby soon enabling the liver to do its work naturally. A bottle of this great liver remedy can be bought of any druggist for 50 cents or \$1, and in many cases a single bottle has cured a chronic case.

For example, John W. Lee, 619 S. Pennsylvania ave., Indianapolis, Ind., had a stubborn and very long-standing case of liver trouble, with pimples, blotches, jaundice, etc., and it cured him. Mrs. B. Finchum, Jackson, Ky., says the same of it. Thousands of families keep it in the house against just such an emergency, as you can never tell when some member of the family will need a good laxative.

In order to have you or any other sufferer from the liver make a test of Dr. Caldwell's Syrup Pepsin without personal expense, Dr. Caldwell will send you a free test bottle if you will send your name and address. The sample will show you how pleasant it is to take, how gently it works. It will start you on the cure of your trouble and convince you that you have found a cure. That is the object of the sample, and the doctor urges you to send for it today.

A Fulsome Compliment.

During Mr. Cleveland's tour of the south shortly after his marriage Mrs. Cleveland and he were driving one day through the streets of one of the larger towns escorted by two of its citizens. Some one threw a bunch of violets to Mrs. Cleveland, and Mr. Cleveland bent forward to catch it, remarking as he presented it, "I wonder why no one gives me flowers."

One of the gentlemen present gallantly replied, "We think you have won the fairest flower in all the land."

"Ah, yes," returned the president; "but, you see, I can't keep her in water!"

"It is not necessary since you keep her in such excellent spirits," was the reply.

Here Mrs. Cleveland interposed, saying, "I am afraid you are guilty of flattery," whereupon came the reply:

"No, madam. Flattery is fulsome compliment, and in this instance no compliment could be either too frank or too fulsome."

The charm of this response lies in the last and fourth from the last words, Mrs. Cleveland's maiden name being Frances Folsom.

A Queer Chinese Notion.

One of the beliefs which the Chinese are slowly unlearning is that foreigners use the eyes and hearts of Chinese men in compounding rare and costly drugs which are valuable aids in magic. Medicine and magic have for ages gone hand in hand in China, just as they once did in Europe. Ignorant Chinamen therefore readily believe such tales. The use of eyes of Chinese by foreigners in metallurgy is described in a work called "A Deathblow to Corrupt Practices," published in 1870. According to this, when white Christians had charge of a funeral they drove all the relatives and friends from the house. Both eyeballs were then removed from the corpse, the orifices being filled with plaster. This was called "sealing the eyes for the western journey." By compounding these eyes with a hundred pounds of Chinese lead, this veracious chronicler continues, eight pounds of silver could be extracted from it. The sight organs of any other people were useless for this purpose.

Marine Rubber Chewers.

The sailor, taking a fine, new rubber band from the stationery display, began to chew it with vigorous enjoyment.

"What are you up to there?" snarled the druggist.

"Just rubber chewin'," said the sailor. "It's a habit with all us navy fellers. Keeps off gun headache."

"Of course you, a landlubber, don't know nothin' about it. But let me tell you, mate, when a sixteen inch gun goes off aboard ship the jar shatters winders, splits planks and brings your lower teeth up against your upper like a straight left from old John L."

"The result is a gun headache—such a headache! But if you chew rubber in firing time it eases off the shock and you don't suffer none. I been chewin' it steady ever since Manila Bay."

"Rubber chewing—what a nasty habit," said the druggist.

"Rag chewin's worse," was the sailor's reply.—New Orleans Times-Democrat.

Close Quarters For Washington.

At the time, now some years ago, when subscriptions were being solicited for the erection of a statue in New York city to President Washington a gentleman called to secure a contribution from an old resident who, although wealthy, was a little "near." On learning the object of the visit the rich man exclaimed:

"Washington! Washington! Why, Washington does not need a statue! I keep him enshrined in my heart!"

In vain were the visitor's solicitations, and he was naturally indignant at the parsimony of the millionaire.

"Well, Mr. R.," he remarked quietly as he rose to leave, "all I can say is that if the Father of His Country is in the position in which you describe him he is in a tight place!"

The Title "King."

The sovereign title of king has generally been supposed to be derived from the old British word "gyning," signifying "wise." But the Hebrew term "rosch" is doubtless the root of all the present titles denoting kingly power, including the Punic "resch," the Scythian "reix," the Latin "rex," the Spanish "rey" and the French "roi." The German nations styled their monarch according to their different dialects—"konig," "kuning," "koning," "king."

General admission 35 cents; reserved seats 50 cents. Mr. Eldridge presents a widely varied, artistic and popular repertoire of costumed impersonations of a high order, changing quickly from humorous to pathetic and dramatic to sentimental representations. He is today one of the most practically certain attractions on the platform. During the last two years he has filled more than two hundred engagements and we have yet to hear of an adverse criticism. His line of work reaches all classes from those who like the subtle humor of good old "David Harum" to the tragedy of "Julius Caesar." We bespeak for him that degree of consideration which we know his merits deserve.

Plan Legal Fight.

Liquor interests are about to start cases in the State and Federal courts which will make a more thorough test of their rights under the Constitution than any previous litigation in the fight against the liquor traffic. Distillers and brewers of Ohio, Indiana, Kentucky, Tennessee, Pennsylvania, Maryland, Massachusetts, New York, Illinois and Missouri will have representatives at a meeting to be held at Cincinnati. Those back of the fight favor court tests to expensive lobbying for their rights in legislatures.

Accept Governor's Invitation.

Gov. Willson Wednesday received letters from Govs. Hughes, of New York, and Noel, of Mississippi, accepting the invitation tendered by Gov. Willson and Gov. Good Rule If Applied.

There is further indication at the White House that President Taft in making Federal appointments in the South intends to consult as far as possible the wishes of the Senators from the States in which the offices are to be filled. In pursuance of this policy he had a lengthy interview with Senator Edley D. Smith, of South Carolina, and it was said he also would consult with Senator Tillman regarding South Carolina offices. Mr. Taft also has notified Senator Bailey that his wishes would be consulted along with those of his colleague regarding Texas appointments. The same rule, it is declared, will apply to all Southern States.

Roosevelt's Comrade Dies.

Just as Theodore Roosevelt sailed from New York to Africa Tuesday one of his comrades at San Juan Hill, Maj. E. H. Brown, died of apoplexy at the dinner table at Fort Thomas, Ky. Maj. Brown was 54 years old. He was captain of a company of the Third Infantry in the battle of San Juan Hill, and he and Col. Roosevelt were fast friends. Brown later went to the Philippines and won promotion by his gallantry. Maj. Brown was in charge of the Second Battalion of the Second Regiment at Fort Thomas. Sir Dixon, the Great Stallion, Dead.

Sir Dixon, a good race horse in his day for many years the premier stallion in the Runnymede Stud near Paris and altogether one of the most famous sires of American thoroughbreds, is dead.

The old son of imported Billet and Jacquet, by imported Leamington, fell while romping in his paddock at Runnymede Tuesday afternoon and broke a bone in his right hip. Seeing that it would be impossible to save him because of his age—twenty-four years—Colonel E. F. Clay had him humanely destroyed.

Sir Dixon was bred in the Runnymede Stud and was foaled in the spring of 1885, making him 24 years old. As a yearling he was sold to Col. W. S. Barnes, who named him and disposed of him at the same age to Green B. Morris, for whom, as a two-year-old, he won the Camden and Select Stakes and Flatbush Handicap.

Morris took him to Washington the following spring (1888) and won the Annapolis Stakes, then moved on to Brooklyn and won the Carlton Stakes so easily from Raceland, the only other starter that Dwyer Brothers bought him for a large price. For them he won that year the Withers, the Belmont, the Travers and the Lorrain Stakes.

He did not go to the post in 1889. His only victory in 1890 was the defeat of Taron in the St. James Hotel Stakes at Brooklyn, and his racing career ended with his breakdown in a High Weight Handicap sweepstakes at Coney Island in June of that year. Sir Dixon's winnings for Mr. Morris and the Dwyer Brothers aggregated nearly \$50,000 and after his breakdown he was sold to Colonel Clay and Catesby Woodford for something like \$6,000 to become the premier stallion at Runnymede.

The first get of Sir Dixon made their appearance on the turf in 1894, and from that time to the end of 1908—fifteen years—his sons and daughters won collectively, the enormous sum of \$1,039,040. The schedule of their earnings by years is as follows:

In 1894 they won \$61,470; in 1895, \$25,435; in 1896, \$41,208; in 1897, \$35,055; in 1898, \$83,617; in 1899, \$59,499; in 1900, \$68,806. In 1901, Sir Dixon headed the list of winning sires, his get earning \$1,039,040 in America, England and France, at total of \$206,925.50. In 1902 he was third on the list with \$92,092. Sale of Lots Yesterday.

The Trustees of the Catholic Cemetery Company had a very successful sale of lots, yesterday on South Main street. Although the weather was raw and disagreeable a good crowd was in attendance. Auctioneers Geo. Speakes and M. F. Kenney conducted the sale. The eighteen lots sold as follows:

No. 1—Roy Clendenin, \$510.
No. 2—Dr. D. S. Henry, \$651.
No. 3—Roy Clendenin, \$212.50.
No. 4—John Maher, \$220.
No. 5—Ed. Burke, \$210.
No. 6—Martin O'Neal, \$192.50.
No. 7—Martin O'Neal, \$187.50.
No. 8—L. F. McPheeters, \$160.
No. 9—M. J. Lavin, \$177.50.
No. 10—M. J. Lavin, \$175.
No. 11—John S. Jones, \$138.
No. 12—R. B. Hutchcraft, \$135.
No. 13—R. B. Hutchcraft, \$157.50.
No. 14—J. W. Bacon, \$130.
No. 15—John Malaney, \$155.
No. 16—Clay Sutherland, \$195.
No. 17—Mrs. M. J. Lavin, \$255.
No. 18—F. P. Campbell, \$275.

The eighteen lots sold aggregated \$4,361.50, an average of \$229.55. This is another evidence that Paris real estate is in demand, notwithstanding the large number of lots that have so recently been sold under the hammer in this city.

A Good Move.

It is a well-known fact that for a number of years the crowd of negroes that congregate on Main street, between Seventh and Eighth on Saturday nights has been a terrible nuisance, and it was quite an agreeable surprise on last Saturday night to witness such a change in affairs.

Upon investigation into this transformation we found that Mayor James M. O'Brien had instructed the members of the police force that this point referred to and also from the corner of Main and Eighth streets to High street must be kept cleared of these objectionable crowds that are there on Saturday evenings.

This will be one of the greatest improvements we have experienced in Paris for some time. The ladies of our city can in the future walk up Main street above Seventh on Saturday evenings without fear of being knocked down by some drunken negro.

Mott Ayers Sued.

Mrs. Mary Coleman Ayers, of Mt. Sterling, has filed suit in the Montgomery Circuit Court, asking divorce from her husband, Mott Ayers, of Fulton, Ky. The petition makes sensational charges and asks for divorce, alimony and custody of her child. Mr. Ayers is one of the best known men in the State and was Fire Marshal under the last Democratic State administration. Mrs. Ayers and husband were married a few years ago after a romantic courtship at Olympia Springs.

Both Eyes Blown Out.

It was a most horrible accident that happened to Milton Johnson at the L. & N. passenger depot in this city yesterday morning.

Mr. Johnson was sweeping up and burning trash that had accumulated for several days around the station. Suddenly a terrific explosion took place in the burning pile of debris, striking Johnson squarely in the face.

Dr. Frank Fithian was hurriedly summoned and Johnson was quickly taken to St. Joseph Hospital, Lexington, where it was found he would lose the sight of both of his eyes.

The supposition is that he swept into the fire a railroad torpedo or a portion of a stick of dynamite. He is a single man, aged about 49 years.

Little Rogers Moore Shot in Eye.

Master Rogers Moore, the bright and handsome 11-year-old son of County Attorney T. E. Moore, Jr., came near meeting with a serious accident Wednesday afternoon.

His brother led him into the house and at once telephoned for his father, who arrived home in a few minutes accompanied by Dr. C. G. Daugherty.

At first it appeared serious and it was thought he would lose his eye. He was hastened to the 4 o'clock interurban car and in the company of his father and Dr. Daugherty taken to the Good Samaritan Hospital, Lexington, where upon thorough examination by Dr. Norris, it was ascertained that the sight would be saved and that he was not seriously injured.

The U. M. C. Remington Trio of Expert Trap Shooters

Capt. T. A. MARSHALL, R. O. HEIKES and WM. H. HERR,
All Well-known Top Notchers.

Paris, Ky., March 30th and 31st, 1909.

Listen friends and look who's coming. It is none other than the U. M. C. Remington Trio of expert shooters. They are coming to meet "our boys" and get acquainted. Every sportsman will know what that means. No other class of people in the world can boast of the warm hearted and fraternal spirit which exists among field and trap shooters. It is well to add here that Marshall, Heikes and Herr are without peers a representative sportsmen. Their friends are numerous in every state in the Union. In fact the chief object of their trip is that of friendship making, although now and then a high score may bob up. This was the case with the U. M. C. Southern Squad of 1903 and the U. M. C. Remington Squad which toured the South in the winter of 1908. Then, too, friendship making was the chief

which he competed, including the State Championships of Kansas, Nebraska and Oklahoma. Last year he broke 100 targets straight twenty-one different times and in 1905, made the grand score of 594 ex 600, including a run of 307 straight. He was also a member of the U. M. C. Southern Squad. Mr. R. O. Heikes is one of the best known trap shooters in the world and is often called "The Daddy of them all." Mr. Heikes probably has held more records than any other living shooter. He won the Cast Iron Medal, emblematic of the World's Championship at Live Birds, five consecutive times; also the Target Championship five different times. Mr. Heikes was a member of the U. M. C. Southern Squad and of the All American Teams During the last three years Mr. Heikes has been shooting better than before,

THE U.M.C. REMINGTON TRIO

errand.

Tom A. Marshall is well-known to the shooting fraternity as the only man who ever won the Grand American Handicap twice. At his spacious home, Keithsburg, Ill., he holds perhaps more beautiful trophies than any other living shooter. He was captain of the well-known American team which traveled abroad and never experienced a defeat. He was also captain of the U. M. C. Southern Squad of 1903. For twenty years he was Mayor of Keithsburg and would be today if he were home long enough to be elected.

W. H. Herr, known as "the silent man from Kansas," has the honor of making the highest yearly average of 1906, 96.3 per cent. out of 15,600 targets. He is perhaps the greatest living shot today. As an amateur Mr. Herr won every championship for

due chiefly to the Remington Autoloading Shot-gun and U. M. C. Shells which he has used exclusively.

Mr. Marshall and Mr. Herr both use Remington Double guns and U. M. C. Shells. They will also have with them one of the new Remington Pump guns which is solid breech, hammerless and safe. It is the only gun on the market which loads and ejects on the bottom. Local sportsmen will certainly be interested in the Remington Solid Breech Hammerless line which these gentlemen will thoroughly demonstrate as well as U. M. C. scatter loads for brush and close range bird shooting. Game shooters are especially invited to be present at this exhibition and to bring their guns as there will be special demonstrations of game loads for pattern and penetration.

It places over-developed women on the same basis as their slender sisters. It tapers off the bust, flattens the abdomen, and absolutely reduces the hips from 1 to 5 inches. Not a harness—not a cumbersome affair, no torturing straps, but the most scientific example of corsetry, boned in such a manner as to give the wearer absolute freedom of movement.

Roosevelt Off in High Spirits.

Waving a parting farewell with his black slouch hat, his face beaming in the morning sun as he stood on the captain's bridge of the steamship Harburg, former President Theodore Roosevelt, now America's most distinguished private citizen, sailed Tuesday for his long-planned African "safari."

He left his native shores amid the cheers of thousands of persons that swarmed the Hamburg-American Line pier, the whistles of countless river craft and thunderous reverberations of the former President's salute of thirteen guns from Forts Hamilton and Wadsworth.

Besides the happy figure of the former Chief Magistrate as the big steamship slipped out of her dock stood a young lad seemingly dejected as he wistfully gazed at the cheering multitude on the pier below. It was Kermit Roosevelt, son of Mr. Roosevelt, who accompanied his father as official stenographer on the expedition. Father and son, both clad in brilliant buff-hued army coats which shone in the sun, remained on the bridge on the trip down the bay and acknowledged with sweeps of their hats the salutes of the vessels.

The demonstration was unofficial in character, but many high in the affairs of the nation were present.

Stolidly Awaits Electric Chair.

The news that Gov. Hughes had refused to commute the sentence of death, imposed upon her for the murder of Mary Brennan, of Watertown, was broken to Mrs. Mary P. Farmer in her cell at Auburn, N. Y., Wednesday by Warden Brennan. Mrs. Farmer received the intelligence with stolid indifference. She was told that she probably would be permitted to bid farewell to her husband, James Farmer, under sentence of death for complicity in the same crime, but this also left her unmoved. Invitations for her electrocution, which will take place probably Monday morning, were sent out Tuesday.

Balloonists Found.

The six men who sailed from Pasadena, Cal., in the balloon America have been found alive and well at Switzer's camp, which they reached after landing in a canyon in the mountains. News of the arrival of the men at the camp was telephoned to Pasadena, but the mountain wire was working so badly that few details of their experiences could be gleaned from there. Switzer's Camp is located some twelve miles from Pasadena to the Northwest. A tortuous mountain trail which leads to the camp is now blocked with snow.

Kentucky Congressman Squelched.

Representative Langley had it handed to him pretty hard by representative Payne Wednesday afternoon. Mr. Langley is an ardent advocate of a \$2 duty on lumber, while Mr. Payne defended the course of the Ways and Means Committee in reducing the duty to \$1 as tending to reduce the price of stumpage and check speculation in timber.

"If the gentleman from New York lived in the backwoods he would not want to reduce the price of timber land," said Mr. Langley.

"O, well," rejoined Mr. Payne, "if I lived in the backwoods, I think I would climb to the top of a high peak and learn that there were other people in the United States besides those in the woods."

There were laughter and applause at the expense of Langley, who took both good naturedly.

Mildest in Years.

More rain fell in February last than in any corresponding period for twenty-one years, the average for the whole State being 8.16 inches. The monthly climatological report issued by the weather Bureau, also show that the heaviest rainfall for the month was at Shelbyville, where 11.82 feet fell. Throughout the month the temperature was warmer than usual by an average of .73 degrees. The minimum temperature for the State at one point was 3 degrees below zero. Storms were frequent and did considerable damage to life and property. The month was the mildest, however, in twenty-one years.

Wanted to See White Folks Killed.

"We done it because we wanted to see some white folks killed," said Pleas Davenport, a six-year-old negro, in confessing Wednesday to detectives that he and three other small negro boys, under arrest, had tried to wreck trains on the Louisville & Nashville railroad near Montgomery, Ala. Engineers on to different points discovered spikes driven between rails, the discovery each time being made in time to prevent an accident.

STOCK, CROP AND FARM NOTES.

—J. T. Hedges a prominent farmer of Bourbon, reports having 150 thirty lambs from 155 ewes. Four of the ewes gave birth to triplets.

—Several Clark county farmers will try the experiment of raising broom corn this year. Experienced men say it will pay much better than tobacco.

—Flemingsburg is becoming quite a stock market. Twenty-seven car loads of horses and mules have been shipped from that place in the past two months.

—Corn is now worth practically \$4 per barrel, and in order to obtain that price for corn fed to cattle, expert feeders claim that the latter must bring seven cents per pound.

—John T. Hughes, of Fayette, lost a fine two-year-old trotting filly from blood poisoning as a result of an accidental snag. The animal was valued at \$2,000.

—At L. M. Monsoes & Sons sale, Stithon, Mo., last week the highest priced jack sold was Limestone Wonder 486, for \$2,810. Twenty-five jacks averaged \$1,005, and 33 Jennets averaged \$242.35. The sale totaled \$34,725.

—W. A. Baen sold Tuesday to Beard & Mays, of Lexington a pair of 6-year-old mules for \$400 and bought Monday of Turney & Smith of Cincinnati a pair of coming 2-year-old mules for \$325.

—A farmer at the Missouri State Penitentiary is intensively cultivating on reduced \$2,500 worth of vegetables at wholesale prices, or nearly \$500 per acre. The vegetables grown were potatoes, onions, cabbage, beans and tomatoes.

—The greatest crop of tobacco Kentucky ever produced is forecasted by the first report for last year coming in from the 110 counties of the State to the Department of Agriculture from regular crop reporters. One hundred and fifty per cent dark tobacco crop. The drought has had and seriously of snow during the winter delayed the wheat crop to an appreciable extent.

A Gentle Criticism.

"The difference," remarked the drug store pharmacist, as a motor car barely missed him, "is that wild geese honk occasionally, while the educated class in the yellow who honk in a constant stream."

South Pole Almost Reached.

The Polar regions are gradually yielding up their secrets to human perseverance, and the determination of Lieutenant Ernest H. Shackleton, of the British Navy, who left his permanent quarters last autumn for a dash to the pole, having succeeded after an arduous sledge journey of 1,708 miles, within 111 miles of the South pole, or 845 miles nearer than the point attained by the "discovery expedition" of which he was an officer.

As it was undertaken rather for the purpose of a geographical survey than with the idea of reaching the pole itself, he may be said to have succeeded beyond the most sanguine expectations. Profiting by the former experiences in the Antarctic regions, when all the dog succumbed to the strain and rigor of the climate, Lieutenant Shackleton made some departures from the usual preparations for a journey across snow and ice.

He took with him a motor car, which could be converted into a sledge, and substituted ponies for dogs and light woolen clothing for heavy furs. The main expedition of which Lieutenant Shackleton was in command reached the latitude 88.33 and longitude 162 East, while the second party pushed forward to the Southern magnetic pole, reaching latitude 72.25 and longitude 154 East. A British flag was left flying at both points.

Carlisle May Get a Hospital.

That Carlisle may have a hospital in the near future is probable. The success of the enterprise now depends upon whether the Nicholas County Medical Society, which is backing the proposition, can get the co-operation of the city and county authorities and enlist their support in the matter.

Beef Cattle Association.

Prof. J. J. Hopper, of the Department of Animal Husbandry of State University, Lexington, is arranging for a meeting of the Kentucky Beef Cattle Association to be held at Lexington some time between April 1 and 10.

The object of the meeting is to bring all the breeders of beef cattle into touch with one another and to discuss the matter of breeding and caring for the stock that is practiced by the various cattle raisers throughout the State.

Prof. W. J. Skinner, of Purdue University, who is one of the best authorities on beef cattle in the country, is expected to address the association while in session here.

Panama Death Rate.

Health conditions on the Panama Canal zone in 1908 were more favorable than at any time since the American occupation, according to a report made by Chief Sanitary Officer Gorag, of the Isthmian Canal Commission. With 43,890 employees there were but

571 death or 13.01 per 1,000. The black death rate was less than the white death rate.

Denies Much "Funked."

The Executive Board of the Burley Tobacco Society, in session at Winchester, denies that much of the tobacco bought by independent concerns has been thrown back on their hands. They claim that only about 250 hogsheads have been rejected and that was because it was "funked."

Far Reaching Decision.

A man's right to have whisky for his own use, if that use is without injury to the public was sustained by the Court of Appeals Wednesday in an

opinion written by Judge Barker. The right of a city to fine a man for having whisky in his possession, when it is not shown that he had it for the purpose of selling it or giving it to another, is denied.

The case came up on appeal from the Jessamine Circuit Court. Peter Campbell was arrested and fined \$100 in the Police Court for violation of a city ordinance making it illegal for a citizen to take more than a quart of whisky into the city. He appealed the case to the Circuit Court, which dismissed the warrant against Campbell. In sustaining the verdict of the lower court Judge Barker says:

"The right to use liquor for one's own comfort, if the use is without direct injury to the public, is one of a citizen's natural and inalienable rights

guaranteed to him by the Constitution. Under our institutions there is no room for that inquisitorial and protective spirit which seeks to regulate the conduct of men in matters in themselves indifferent and to make them conform to a standard, not of the citizen's choosing, but of the choosing of the law-giver."

The effect of the decision will be far-reaching, as many towns in Kentucky where prohibition prevails have passed similar ordinances and have sought to prevent the bringing into the town of whisky beyond certain quantities.

Bourbon Circuit Court.

The last jury trial in Circuit Court was that of W. J. Calvert vs. Bluegrass Traction Co., and resulted in mistrial, the jury being evenly divided. Judge Butler Southgate was here Tuesday and Wednesday hearing arguments in a number of equity cases, but did not come down from Lexington yesterday. There is very little left to be done before final adjournment, which will probably be today.

The members of the Bourbon Bar will give a banquet tonight at Crossdale's Cafe in honor of Special Judge Butler Southgate, showing their appreciation of the manner in which he has held the March Term of the Bourbon Circuit Court. The following program has been arranged:

John J. Williams, toastmaster.
"Our Special Judge," Hon. E. M. Dickson.
"The Bourbon County Bar," Special Judge Butler Southgate.
"Our Regular Judge," Judge Harmon Stitt.
"Civilizing Influence of the 'Lid,'" Mayor James M. O'Brien.
"Professional Ethics," Hon. Wm. McMillan.
"Visiting Attorneys," Hon. C. M. Thomas.
"The Law College of the Future," T. E. Moore, Jr.

RELIGIOUS.

Elder Carey E. Morgan will fill his pulpit at the Christian church as usual Sunday morning. He will adjourn the night service to attend the meeting being held by Dr. J. Addison Smith at the Second Presbyterian church.

The meeting at the Second Presbyterian church continues with unabated interest. Rev. Dr. J. Addison Smith, of Richmond, preaching eloquent and strong sermons, impressing all that he is a thoroughly consecrated man of God. He will preach at both services Sunday. Dr. Shive goes to Richmond again Sunday to fill Dr. Smith's pulpit.

MATRIMONIAL.

Marriage licenses were issued Tuesday by County Clerk Pearce Pate to Harry B. Larkin and Mrs. Ursula R. McKimie and Allen P. Wheat and Miss Minnie Huffman Perkins.

Mr. Thomas J. Kiser and Miss Lula Mansfield were united in marriage Wednesday evening at the home of the bride's cousin, Mrs. W. W. Willett, in Carlisle. The bride is the handsome and attractive daughter of Mr. and Mrs. William Mansfield, who recently moved to this city from Danville. The groom is a son of Mr. Jefferson Kiser, of near Kiser, and one of Paris' energetic young business men being one of the efficient employees of the big commission firm of E. F. Spears & Sons.

The happy young couple returned to Paris yesterday and went immediately to house-keeping in the new cottage recently erected by the groom on Maysville street.

Pretty and Artistic.

An Atchison man thought and thought what colors would be pretty and artistic to use in painting his house, and then used bright yellow and bright green.—Atchison Globe.

Raising Assessments.

The State Board of Equalization, in session at Frankfort, is raising assessments all over the State. If all the counties are to be raised in proportion to those on Wednesday, there may be some likely kicking from taxpayers.
